Camlock Coupling is interchangeable with all couplings complying with MIL C27487 specification.

Cam arm quick coupler is simple and efficient way to make a quick tight, leak free connection between two parts of process line. The metals are recommended for a max pressure of 250psi for 3/4" to 2", 150psi for 2 1/2", 125psi for 3", 100psi for 4" and 75psi for 5" & 6". P/P 125psi for 3/4" to 1 1/2", 100psi for 2" to 3". Material range : SS316, Brass, Bronze, Aluminum sand casting, ductile and P/P.

Cam Arms, Ring & Pin

Forged bronzed
S/S Investment
Plated R. and P.
S/S R. and P.

GASKET:

NBR (Standard)
EPDM
TEFLON
VITON
SILICONE
